REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION TO THE BOARD OF DIRECTORS OF AGILITY PUBLIC WAREHOUSING COMPANY K.S.C.P.

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Agility Public Warehousing Company K.S.C.P. (the “Parent Company”) and its subsidiaries (collectively, the “Group”) as at 30 June 2026 and the related interim condensed consolidated statement of income and interim condensed consolidated statement of comprehensive income for the three months and six months periods then ended and the related interim condensed consolidated statement of cash flows and interim condensed consolidated statement of changes in equity for the six months period then ended. The management of the Parent Company is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with International Accounting Standard IAS 34: *Interim Financial Reporting* (“IAS 34”). Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of Review

Except as explained in the following paragraph, we conducted our review in accordance with International Standard on Review Engagements 2410, “*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*”. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for Qualified Conclusion

As stated in Note 10(c) to the interim condensed consolidated financial information, the Group has recognised a legal claim receivable amounting to KD 64,488 thousand from the General Administration of Customs for Kuwait (“GAC”) pursuant to a final judgment issued by the Court of Cassation. The Group did not provide sufficient appropriate audit evidence to support the recoverability of this receivable as at 30 June 2026. In addition, while the Group is legally entitled to interest of 7% per annum on the awarded compensation, the enforceable basis for determining the interest amount remains legally indeterminate as at the reporting date. Consequently, we were unable to obtain sufficient appropriate audit evidence to determine whether any adjustments to the carrying value of the legal claim receivable, including related interest, were necessary.

REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION TO THE BOARD OF DIRECTORS OF AGILITY PUBLIC WAREHOUSING COMPANY K.S.C.P. (continued)

Qualified Conclusion

Based on our review, except for the possible effect of the matter described in the “Basis for Qualified Conclusion” paragraph above, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with IAS 34.

Emphasis of Matter

- (i) We draw attention to Note 10(a) to the interim condensed consolidated financial information, which describes the Group’s investment properties leased from the Public Authority for Industry, Kuwait (“PAI”), for which the underlying lease contracts have expired and are subject to ongoing legal disputes with PAI. As disclosed in that note, these properties are carried at Nil as at the reporting date, and the Group recognised a fair value loss of KD 192,637 thousand and expected credit losses of KD 43,388 thousand during the period in respect of the related properties and receivables.

We further draw attention to Notes 10(a), 10(e), 10(f) and 10(g), which describe claims initiated by PAI against the Parent Company seeking compensation for continued use of the properties after expiry of the underlying lease contracts, for which no provision has been recognised because the related amounts cannot be reliably estimated as at the reporting date.

- (ii) We also draw attention to Note 10(d) to the interim condensed consolidated financial information which describes the contingencies and claims with the General Administration of Customs for Kuwait.

Our conclusion is not further qualified in respect of these matters.

Report on Other Legal and Regulatory Requirements

Furthermore, based on our review, the interim condensed consolidated financial information is in agreement with the books of account of the Parent Company. We further report that, to the best of our knowledge and belief, we have not become aware of any violations of the Companies Law No. 1 of 2016, as amended and its Executive Regulations, as amended, or of the Parent Company’s Memorandum of Incorporation and Articles of Association, as amended, during the six-month period ended 30 June 2026 that might have had a material effect on the business of the Parent Company or on its financial position.

**REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL
INFORMATION TO THE BOARD OF DIRECTORS OF AGILITY PUBLIC
WAREHOUSING COMPANY K.S.C.P. (continued)**

Report on Other Legal and Regulatory Requirements (continued)

We further report that, except for the possible effects of the matter described in the “Basis for Qualified Conclusion” paragraph above, during the course of our review, to the best of our knowledge and belief, we have not become aware of any violations of the provisions of Law No. 7 of 2010 concerning establishment of Capital Markets Authority “CMA” and organization of security activity and its executive regulations, as amended, during the six-month period ended 30 June 2026 that might have had a material effect on the business of the Parent Company or on its financial position.

(a) Renewal of land leases with Public Authority for Industry, Kuwait (PAI) (continued)

The Group has not recognized any provision for potential claims relating to these properties in the interim condensed consolidated financial information, as such amounts cannot be reliably estimated as at the reporting date pending final judgements.

(b) Korek Litigation

ICSID Claim

In February 2017, the Group filed a request for arbitration against the Republic of Iraq pursuant to Article 36 of the Convention on the Settlement of Investment Disputes between States and Nationals of Other States ("ICSID"), and Article 10 of the Agreement between the Government of the State of Kuwait and the Government of the Republic of Iraq for Reciprocal Promotion and Protection of Investments (the "2015 BIT").

The arbitral claim arises from a series of actions and inactions of the Iraqi government, including its regulatory agency Communications & Media Commission ("CMC") relating to an alleged decision by the CMC to annul the previous written consent granted in connection with the Group's investment in Korek Telecom, as well as the CMC's order to transfer the shares acquired by the Group back to the original Iraqi shareholders (which was implemented in March 2019). Without limitation, the Group's claims relate to Iraq's failure to treat the Group's investment of over USD 380 million fairly and equitably, its failure to accord the Group with due process, as well as the indirect expropriation of that investment, each in breach of the 2015 BIT. On 24 February 2017, the Group's request for arbitration was formally registered with ICSID.

On 22 February 2021, the tribunal issued its ruling, dismissing all of the Group's claims and awarding costs of approximately USD 5 million in favor of the respondent. On 28 May 2021, the Group filed an application to annul the award with ICSID which was formally registered on 4 June 2021. On 8 February 2024, the committee issued its decision in which it partially annulled the original judgment on the basis that the tribunal failed to properly rule on The Group's implementation claim, thereby committing an annulable error. Consequently, on July 8, 2024, the Group refiled its ICSID claim against the Republic of Iraq. The claim has been registered and a new ICSID tribunal has been constituted. A hearing before the new ICSID tribunal is scheduled for November 2026.

Kuwait Claim Against the KRG

Separately, on 31 May 2021, Alcazar Capital Limited ("Alcazar"), a subsidiary of the Group, filed a claim in Kuwait against the Kurdistan Regional Government (KRG), a political subdivision of the Government of Iraq, under the terms of a sovereign guarantee in respect of the Group's investment. On 24 January 2022, the Court of First Instance dismissed Alcazar's claims on the basis that, among other things, Alcazar had failed to prove that it had extended the USD 250 million loan to Korek over which it was seeking damages under the sovereign guarantee. On 16 February 2022, Alcazar appealed the judgment to the Kuwait Court of Appeal. On 19 April 2022 the Court of Appeal issued a judgment in favor of Alcazar awarding damages of USD 490 million (the "Kuwait Judgement") against the Kurdistan Regional Government, together with interest of 7% p.a. up to the date of satisfaction of the amount. On 2 May 2023, the Kuwait Court of Cassation issued a stay of enforcement of the Kuwait Court of Appeal judgment, pending its adjudication of the matter. On 30 January 2024, the Kuwait Court of Cassation rejected the KRG's appeal and upheld the Kuwait Judgment. Consequently, Alcazar commenced enforcement proceedings of the Kuwait Judgment.

Pending final outcome of the enforcement proceeding and the uncertainties on the timing and determination of recovery, the Group's management has not considered any adjustment for the awarded amounts in the interim condensed consolidated financial information.

Associated KRG Claim Against the Parent Company

In May 2024, the Erbil Court of First Instance issued a judgment in absentia in favor of KRG against Alcazar and Korek obligating Alcazar and Korek to desist from claiming the value of the KRG guarantee dated 11 September 2007. In January 2026, Alcazar filed an objection against the judgment to the Erbil Court of First Instance. The objection is currently pending before the Erbil Court of First Instance.

Separately in February 2025, the Kurdistan Regional Government filed a claim against the Parent Company and its former CEO, before the Erbil Court of First Instance in Kurdistan, Iraq. The claim seeks damages by alleging that the Parent Company and its former CEO were responsible for an alleged improper notification of the Kuwaiti claim filed by Alcazar which resulted in Alcazar obtaining the Kuwaiti judgment against the KRG and seeking to enforce the Kuwaiti judgment in foreign jurisdictions. The claim is currently pending before the Erbil Court of First Instance.

Shareholders Agreement Arbitration

On 4 June 2018, Iraq Telecom Ltd. ("IT Ltd.") commenced ICC arbitration proceedings against Korek International (Management) Ltd. ("Korek international") and Mr. Sirwan Saber Mustafa. The dispute is in relation to various contractual breaches by the respondents under a shareholders' agreement relating to the Parent Company's investment in Korek Telecom.

On March 20, 2023, the Tribunal issued its award. The Tribunal agreed with IT Ltd. and International Holdings Limited ("IH") that all of the respondents had engaged in a deliberate and intentional scheme "to bribe and corrupt officials" of Iraq's telecommunications regulator in order to procure a wrongful decision to expropriate the shareholding of IT Ltd. and IH in Korek Telecom. The Tribunal also agreed with IT Ltd. and International Holdings Limited that Sirwan Saber Mustafa Barzani had breached his fiduciary obligations by engaging in multiple acts of self-dealing and misconduct, causing harm to the claimants. The Tribunal ordered that the respondents, jointly and severally, pay International Holdings Limited and IT Ltd. a combined amount of USD 1.65 billion in damages and legal costs, together with interest. Of this amount, an amount of USD 1.329 billion is due to International Holdings Limited, and an amount of USD 318.7 million is due to IT Ltd. is now in the process of enforcing the award in various jurisdictions around the world.

Pending final outcome of the enforcement proceedings and the uncertainties on the timing and determination of the amount of recovery, the Group's management has not considered any adjustment for the awarded amounts in the interim condensed consolidated financial information.

IBL Subordination Agreement Arbitration: Arbitration proceedings against IBL Bank SAL, Korek Telecom and International Holdings Ltd.

IT Ltd. commenced the arbitration proceedings at Beirut chamber of commerce – Lebanon (BCC) in relation to alleged fraud orchestrated by certain Korek Telecom stakeholders with the knowledge and cooperation of IBL Bank in connection with a subordination agreement relating to a USD 150 million loan extended by IBL Bank to Korek Telecom.

On 24 September 2021, the BCC Tribunal issued its award granting in full IT Ltd.'s claim to render as null and void the subordination agreement relating to the USD 150 million loan extended by IBL Bank to Korek Telecom. The Tribunal agreed with IT Ltd. that all of the respondents, including IBL Bank, had engaged in a deliberate and intentional deception of IT Ltd. The counterclaims of the respondents were rejected in their entirety. In addition to the avoidance of the subordination agreement, IT Ltd. was awarded legal costs in the amount of USD 3 million, which was collected on 18 May 2023.

As a result of this award, on 12 November 2021, IT Ltd. filed a Request for ICC Arbitration against Korek Telecom, in order to enforce its debt claim of more than USD 285 million (plus default interest) bringing the total claim to approximately USD 1 billion, against IH, as debtor, and Korek Telecom, as guarantor.

IBL Subordination Agreement Arbitration: Arbitration proceedings against IBL Bank SAL, Korek Telecom and International Holdings Ltd. (continued)

The Tribunal submitted its draft Final Award to the ICC Secretariat on 8 July 2024 for approval and declared the proceedings closed. The Final Award was issued on 9 September 2024 wherein Korek was ordered to pay IT Ltd. over USD 1.3 billion.

Pending final outcome of the enforcement proceedings and the uncertainties on the timing and determination of the amount of recovery, the Group's management has not considered any adjustment for the awarded amounts in the interim condensed consolidated financial information.

Separately as well, IT Ltd. filed a Request for BCC Arbitration ("IBL II Arbitration") against IBL Bank on 13 December 2021, seeking damages for the fraud that was adjudicated in the previous arbitration.

On 1 June 2023, the Beirut Court of Appeal issued its decision on IBL's challenge to the award in the initial IBL Arbitration, ordering the set aside of that award (the "Annulment Decision"). IT Ltd. appealed the Annulment Decision before the Lebanese Court of Cassation. On 18 October 2023, the Lebanese Court of Cassation ordered a stay of the Annulment Decision. Accordingly, the Arbitral Tribunal issued a stay of the arbitration proceedings until the Lebanese Court of Cassation's decision on the challenge to the Beirut Court of Appeal's decision. On 4 February 2026, the Lebanese Court of Cassation quashed the findings of the Lebanese Court of Appeal, thereby voiding the Annulment Decision and upholding the award of the initial IBL Arbitration.

Following this decision, the Tribunal has lifted its stay. IT Ltd.'s filed its Statement of Reply on 22 May 2026, and IBL's Statement of Rejoinder is required to be filed by 18 November 2026. And the hearing on the merits will be held during the week of 26 April 2027.

DIFC Director Claims

On 12 March 2018 IT Ltd. commenced proceedings in the courts of the Dubai International Financial Centre ("DIFC") against Raymond Zina Rahmeh. The claim alleges breach of the defendant's duties as directors of International Holdings and also alleges multiple instances of self-dealing. On 16 December 2021, a judgment against Mr. Rahmeh was issued in the amount of USD 71.3 million plus costs and interest.

Separately, on 5 September 2017, Modern Global Company for General Trading of Equipment, Supplier for Construction and Real Estate WLL (a wholly owned subsidiary of the Parent Company) commenced arbitration proceedings against Korek Telecom in relation to Korek's alleged failure to pay servicing fees due to Modern Global under a services agreement. On 20 March 2019, Modern Global was awarded its full claim, interest and legal costs, amounting to approximately USD 4.5 million.

In April 2022, an amount of approximately USD 1.1 million was obtained from certain Korek assets in the United Arab Emirates. Enforcement efforts remain ongoing.

(c) Guarantee encashment

Other current assets include KD 64,488 thousand (31 December 2025: KD 64,488 thousand and 30 June 2025: KD 64,488 thousand) representing a claim receivable from General Administration of Customs for Kuwait ("GAC").

A resolution was issued by the General Administration of Customs for Kuwait ("GAC") to cash a portion, amounting to KD 10,092 thousand of the bank guarantee submitted by Global Clearing House Systems K.S.C. (Closed) ("GCS"), a subsidiary of the Parent Company, in favour of GAC in relation to performance of a contract. Pursuant to this resolution, GAC called the above guarantee during the year ended 31 December 2007.

GCS appealed the above resolution at the Court of First Instance and the latter issued its judgment in favour of GCS and ordered GAC to pay an amount of KD 58,927 thousand as compensation against the non-performance of its obligations under the contract, and KD 9,138 thousand towards refunding of the guarantee encashed earlier, together with an interest of 7% per annum on these amounts to be calculated from the date the judgment becomes final.

GCS appealed the judgment in Appeal number 1923 for the year 2014 administration /4, before the Court of Appeal requesting an increase in compensation. GAC also filed an appeal No. 1955 / 2014 Administrative 4 before the Court of Appeal. On 13 September 2015, the Court of Appeal pronounced its judgement affirming the decision of the Court of First Instance. Both GCS and GAC appealed against this ruling before the Kuwait Court of Cassation in appeals No. 1480, 1487 for the year 2015. On 25 September 2019, the Court of Cassation resolved to defer the appeal to the experts. On 24 May 2021, the experts committee issued a report affirming GCS's right for the claimed compensation.

On 11 May 2022, this matter was finally resolved with the issuance of this judgment in respect of Appeals by Cassation No. 1480 and 1487 for year 2015, Administrative/1 before the Court of Cassation, where the court ordered the GAC to refund an amount of KD 5,561 thousand to GCS out of the original principal of encashed guarantee. The said appeals by Cassation resolved, otherwise, to uphold the appealed judgment, which ordered the second defendant, "the Director General of the General Administration of Customs in his capacity," to pay to the plaintiff "GCS" an amount of KD 58,927 thousand, thus making the total receivable KD 64,488 thousand in addition to the legal interest of 7% annually on both amounts from the date this judgment becomes final.

Accordingly, the Parent Company and GCS recognized an amount of KD 64,488 thousand during the year ending 31 December 2024 representing the receivable as per the above rulings in favor of GCS (KD 58,927 thousand and KD 5,561 thousand as mentioned above). The amount of interest in respect of the aforementioned amounts is currently not quantifiable and hence not recorded in the interim condensed consolidated financial information.

(d) Legal cases with GAC

In respect of an ongoing dispute between GCS and GAC relating to project management mechanisms in the ports, both the parties have filed various claims and counter-claims against each other.

GAC initiated several legal proceedings against GCS in respect of this matter and claimed financial compensation from GCS. On 25 September 2018, a judgment was issued dismissing all cases. The judgment was appealed by both GCS and GAC. On 26 September 2022 the Court of Appeals ruled to set up the project development fund and required GCS to pay an amount of KD 12,443 thousand to GAC.

Both GCS and GAC appealed this judgment before the Court of Cassation. The GCS appeal also included a request for a stay of execution until the appeal by way of cassation is resolved. On 12 April 2023, the Court of Cassation ordered a stay on the enforcement until the case is determined on its merits. The case remains pending before the Court of Cassation. The Parent Company and GCS (after consulting the external counsel) have resolved not to record any provision pending final ruling by the Court of Cassation.

In addition to the above, there are other legal disputes between GCS and GAC. Both the parties have filed various claims and counter claims that are currently pending in the courts. The legal counsel of the Group believes that these matters will not have a material adverse effect on the Group's interim condensed consolidated financial information.

(e) Contract with the Public Authority of Industry ("PAI") for stage 5 land located in South Amghara area

The lease expired on 7 April 2020, following which PAI initiated legal proceedings to reclaim the land. The Court of First Instance ruled in favor of PAI on April 20, 2021, confirming the requirement for the Parent Company to vacate the premises.

Both PAI and the Parent Company appealed the decision before the Court of Appeals. In its rulings the Court of Appeals upheld the order for the Parent Company to vacate the site and mandated the payment of KD 11,793 thousand as compensation for the land's use from 8 April 2020 to 3 November 2024. The Parent Company paid KD 2,654 thousand during year 2024 and KD 9,139 thousand during year 2025 based on the above judgement.

The Parent Company filed an appeal with the Court of Cassation, contesting the method used by the Court of Appeals to calculate the compensation. On November 3, 2024, the Parent Company implemented the evacuation phase of the fifth phase site at Amghara Scrap and handed it over to PAI pursuant to an execution report issued by the Ministry of Justice - Execution Department.

On April 23, 2026, the Court of Cassation issued a judgment annulling the ruling of the Court of Appeals which resulted in the above payment and ordered the PAI to refund an amount of KD 11,660 thousand to the Parent Company.

On 4 June 2026, the PAI deposited the aforementioned amount in favor of the Parent Company with the Execution Department of the Ministry of Justice, which was also realised by the Parent Company.

(f) Contract with the Public Authority of Industry ("PAI") for stage 4 land located in South Amghara area

The contract pertains to a lease agreement between the Parent Company and the Public Authority for Industry (PAI) for stage 4 land in the South Amghara area, covering a land area of 939,323 m². The lease expired on 31 October 2018. PAI initiated a legal case against the Parent Company claiming a compensation of KD 13,694 thousand representing rent for the period commencing November 2023. The Parent Company handed over the land to PAI on 13 March 2025 and the carrying value of the land in the books of the Parent Company is Nil.

The Court of First Instance ruled in favour of the Parent Company dismissing the case. PAI filed an appeal and the Court of Appeal, on 24 December 2025 pronounced its judgement in favour of PAI and ordered the Parent Company to pay the above amount. The Parent Company challenged the Court of Appeal's judgment by way of cassation.

On 10 March 2026, the Court of Cassation ordered a stay of enforcement of the Court of Appeal judgement pending its final determination of the case on the merits. On April 30, 2026, a judgment was issued in the injunction filed by the Parent Company regarding the enforcement of the Court of Appeal judgment, ordering a temporary stay of the enforcement of the Court of Appeal judgment subject to injunction until a ruling is rendered on the cassation appeal.

PAI also filed two lawsuits for eviction and unlawful occupation, as well as for payment of occupation rent, concerning the fourth phase of the site at Amghara Scrap against the Parent Company. In addition, the Parent Company filed a case seeking a declaration of the continued contractual relationship in respect of the same site. The three cases were subsequently consolidated.

On January 16, 2022, the Court of First Instance ruled, firstly, that the contract had terminated as of October 31, 2018 and ordered the eviction of the Parent Company from the plot, with an area of 939,323 m², and its removal as an unlawful occupier. Secondly, it ordered the Parent Company to pay occupation rent arising from unlawful possession, at a rate of KD 80 per day of delay, starting from November 1, 2018 until delivery of the plot subject of the dispute.

On January 24, 2024, the Court of Appeal ruled that the Parent Company had abandoned its principal appeal and that the secondary appeal filed by the PAI had become void. PAI filed a cassation appeal against the Court of Appeal judgment, and no ruling has yet been issued. Furthermore, the PAI has filed another lawsuit against the Parent Company claiming an amount of KD 28,696 thousand in respect of Phases Four and Five, which is still pending before the Court of First Instance and no judgment has yet been issued.

The Group has not recognized any provision for potential claims relating to this matter in the interim condensed consolidated financial information, as such amounts cannot be reliably estimated as at the reporting date pending final judgements.

14 FAIR VALUES OF FINANCIAL INSTRUMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in orderly transactions between market participants at the measurement date.

Determination of fair value and fair value hierarchy:

The Group uses the following hierarchy for determining and disclosing the fair values of financial instruments:

Level 1: quoted (unadjusted) prices in an active market for identical assets and liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly; and

Level 3: other techniques which use inputs which have a significant effect on the recorded fair value are not based on observable market data.

The Group's financial asset measured at fair value through profit or loss and financial asset measured at fair value through other comprehensive income are classified under level 3 in the fair value hierarchy.

The following table below shows a reconciliation of the opening and the closing amount of level 3 financial assets measured at fair value:

16 IMPACT OF GEOPOLITICAL ESCALATIONS RISK AND RELATED UNCERTAINTY

The Group operates in a global and regional economic environment that continues to be affected by heightened geopolitical tensions in the Middle East. Recent developments in the region have increased uncertainty in financial markets, energy supply and costs, regional security conditions, and global trade routes. The wider regional impact of these events may affect economic conditions relevant to the various sectors. Management has assessed the potential impacts of the geopolitical situation on the Group's operations and interim condensed consolidated financial position, taking into consideration:

- ▶ *Macroeconomic conditions*, including inflationary pressures, interest rate volatility, and economic growth trends that may influence tenant demand, occupancy levels, and rental rates.
- ▶ *Construction and development activity*, particularly potential increases in costs of materials and services, supply-chain disruptions, and project timelines.
- ▶ *Financing and liquidity*, including the availability and cost of debt financing, refinancing risk, and compliance with financial covenants.
- ▶ *Tenant credit risk*, particularly in sectors or geographies that may be indirectly affected by disruptions in trade, energy markets, or regional economic activity.

INFORMATION (UNAUDITED)

As at and for the period ended 30 June 2026

**16 IMPACT OF GEOPOLITICAL ESCALATIONS RISK AND RELATED UNCERTAINTY
(continued)**

- ▶ *Fair value volatility of investments*, particularly those exposed to emerging markets, energy-sensitive sectors, or regions indirectly affected by supply-chain disruptions and energy market instability.
- ▶ *Market liquidity risk*, including the ability to realise investments at quoted or observable market prices in periods of heightened volatility.
- ▶ *Counterparty and credit risk*, particularly for investments in debt instruments, funds, or structured products whose underlying counterparties may be affected by adverse economic conditions.
- ▶ *Supply-chain disruption*, including delays in shipping, rerouting of cargo, congestion at ports, and increased freight and insurance costs.
- ▶ *Commodity and product price volatility*, particularly for goods linked to energy prices or imported through affected trade corridors.
- ▶ *Availability of goods*, including extended lead times from suppliers and changes in sourcing strategies.
- ▶ *Foreign exchange risk*, arising from increased currency volatility in markets linked to the region.

As at the reporting date, the Group has not experienced any material disruption to its core operations. Accordingly, the management has not identified any material adverse impacts on the overall valuation of the property or investment portfolio's that require specific adjustment beyond those reflected in observable market prices and valuation inputs.

In assessing the carrying values of investment properties and other non-financial assets, the management has not identified any indicators of impairment requiring recognition at the reporting date. However, future adverse developments in the geopolitical environment may result in changes to key valuation assumptions.

The Group's ECL models incorporate forward-looking information reflecting multiple macroeconomic scenarios. In light of the current geopolitical situation, management has reviewed and updated relevant assumptions, including:

- a) Adjustments to probability-weighted economic scenarios, reflecting increased downside risk associated with prolonged regional instability.
- b) Consideration of sector-specific stress for customer segments more exposed to trade disruption, logistics constraints, or fluctuating commodity prices.
- c) Evaluation of whether changes in economic outlook represent a significant increase in credit risk (SICR) for certain customer balances.

While increased uncertainty has been incorporated into ECL calculations, and an additional provision for expected credit losses has been recognized in response to geopolitical tensions, no widespread migration of balances to higher credit-risk stages was identified as at the reporting date, management concluded that the allowance for expected credit losses appropriately reflects the level of credit risk inherent in the Group's trade receivable portfolio.

The Group maintains liquidity buffers and capital resources that management considers sufficient to meet its commitments and operating expenses as they fall due. The Group has assessed the potential impact of adverse market movements on its ability to realise investments or access funding, including under stressed market scenarios. No breaches of liquidity thresholds, investment restrictions, or capital management policies were identified as at the reporting date.

The management has also considered the impact of these events on the Group's ability to continue as a going concern and concluded that the going-concern basis remains appropriate. The geopolitical situation remains dynamic, and the extent and duration of potential impacts on global financial markets are uncertain. The management continues to monitor developments closely and will reflect any material impacts in future valuations, risk disclosures, and financial reporting as appropriate.
